

CURRICULUM VITAE
Matthew P. Longnecker, M.D., Sc.D.

Education:

June 1978 B.S. (Biochemistry) Antioch College, Yellow Springs, OH
June 1981 M.D. Dartmouth Medical School, Hanover, NH
June 1989 Sc.D. (Epidemiology) Harvard School of Public Health, Boston, MA
(Thesis: Alcohol Consumption and Diet in Relation to Risk of
Cancer of the Large Bowel)

Certification:

Medical license, Massachusetts
American Board of Internal Medicine

Brief Chronology of Employment:

1981-1984: Internal Medicine Internship and Residency, Temple University Hospital,
Philadelphia, PA
1989-1995: Assistant Professor, Department of Epidemiology, University of California,
Los Angeles, School of Public Health
1993-1995: Research Assistant Professor, Department of Preventive Medicine, University of
Southern California, School of Medicine
1995-Date: Medical Research Officer (Senior Investigator), Epidemiology Branch,
National Institute of Environmental Health Sciences, Research Triangle Park,
NC

University Appointment:

Adjunct Professor, Department of Epidemiology, University of North Carolina
at Chapel Hill, 2004-present (Adjunct Associate Professor, 1996-2003)

Editorial:

Associate Editor, *American Journal of Epidemiology*, 1997-2002, 2006-
Associate Editor, *Annals of Epidemiology*, 2000-2004
Advisory Editor, *Environmental Research*, 2002-
Editorial Board, *Epidemiology*, 2003-
Editorial Review Board, *Environmental Health Perspectives*, 2004-2006, 2008-
Deputy Editor (Interim), *Environmental Health Perspectives*, 2007-2008

Study Section:

American Institute for Cancer Research, study section, 1995-1999. This Washington, D.C.-

based private institute focuses on diet-cancer research and awards up to \$150,000 per grant. There are two funding cycles annually.

United States Environmental Protection Agency, Office of Research and Development, National Center for Environmental Research, Washington, DC. Member, Peer Review Panel, Children's Vulnerability to Toxic Substances in the Environment, 2002.

Autism Speaks, 2008, Member, Study Section, Environmental Sciences RFA.

Environmental and Reproductive Health, Canadian Institute for Health Research, 2009.

Professional Organizations:

Society for Epidemiologic Research, 1987-
Fellow, American College of Epidemiology, 2000-2005
International Society for Environmental Epidemiology, 2004-

Special Recognition:

Member, Delta Omega National Honorary Public Health Society, 1990-
NIH Merit Award (Group), NIEHS/NTP Review Committee, Report on Carcinogens, 2000

Awards, Fellowships, and Grants:

Recipient, National Research Service Award (Institutional), 1984-1987
Recipient, Medical Foundation Fellowship, 1987-1989
Recipient, Career Development Award, from the University of California, Los Angeles, 1991
PI, "An IDEA for a cohort study of tobacco-related cancers," \$73,439, 1991-1992, California
Tobacco-Related Disease Research Program
PI, "Measurement of dietary factors related to cancer risk," \$65,684, 1991-1994, Junior Faculty Research Award, American Cancer Society
PI, "Organochlorine residue levels and risk of breast cancer," \$427,571, 1994-1998, National
Institute of Environmental Health Sciences (R01)

Committees and Panels:

National Research Council: Member, Subcommittee on Public Health to the Committee on Irrigation-Induced Water Quality Problems, Water Science and Technology Board, 1986-1990
World Health Organization, expert at meeting on non-dioxin-like PCBs. This 12-person committee provides scientific guidance on setting exposure limits to non-dioxin-like PCBs. 1st meeting Berlin, Sept. 2001; 2nd meeting June 2002 (unable to attend 2nd mtg)
National Institute on Alcohol Abuse and Alcoholism: Member, expert review panel, Health

Risk and Potential Benefits of Moderate Alcohol Consumption. Rockville, MD, 11-21-03.
United States Environmental Protection Agency, Science Advisory Board, Washington, DC: Member, Perfluorooctanoic Acid (PFOA) Risk Assessment Review Panel, 2005-.
World Health Organization-National Institutes of Health Common Core Protocol: International Core Study Protocol for a Longitudinal Survey of the Environmental and its Effects on Childhood, Member of Review Committee, Wellcome Trust, London, England, 11-29 and 30th, 2007.

Scientific Leadership--National

Organizer/Moderator, Symposium on “Early Life Exposures in Chronic Disease Epidemiology,” Society for Epidemiologic Research, Baltimore, MD, June 10, 1999.
Organizer/Moderator, Spotlight Session on “Persistent Organic Pollutants”, Society for Epidemiologic Research, Seattle, Washington, June 15, 2000.
Organizer/Moderator (with Julie Daniels), contributed paper session on “Neurodevelopmental Epidemiology”, Society for Epidemiologic Research, Toronto, Ontario, Canada, June 15, 2001.
Organizer/Moderator, Symposium on “Rationale, strengths and strategies for new large birth cohort studies,” Society for Epidemiologic Research, Palm Desert, California, June 19, 2002.
Organizing Committee, Thyroid Hormone and Brain Development: Translating Molecular Mechanisms to Population Risk, An International Conference, 9-29-02 to 9-25-02, NIEHS.
Organizer/Moderator, Spotlight Session on “Environmental effects on pregnancy outcome”, Society for Epidemiologic Research, Atlanta, Georgia, June 13, 2003.
Organizer/Moderator, Spotlight Session on “Environmental Epidemiology”, Society for Epidemiologic Research, Salt Lake City, Utah, June 16, 2004.
Planning Committee, “Epidemiology without Borders”, a Joint Meeting of the Society for Epidemiologic Research and the Canadian Society for Epidemiology and Biostatistics, Toronto, Canada, June 27-30, 2005.
Organizer/Moderator, Spotlight Session on “Environmental Epidemiology”, Society for Epidemiologic Research (see above), Toronto, Canada, June 28, 2005.

Scientific Leadership—International

Organizer/Moderator, Symposium on "Effects of Early Environmental Exposure on Neurodevelopment," The XV International Scientific Meeting of the International Epidemiological Association, Florence, Italy, September 3, 1999.

Co-chair, concurrent session on "Endocrine disruptors," 15th Conference of the International Society for Environmental Epidemiology, Perth, Western Australia, September 25, 2003.

Chair/Organizer, Symposium on "Risks and Benefits of DDT use in Malaria Control," 17th Annual Conference of the International Society for Environmental Epidemiology, Johannesburg, South Africa, 9-15-05.

Co-chair, concurrent session on "Birth cohorts: what can be learned?," Dioxin 2006: 26th International Symposium on Halogenated Persistent Organic Pollutants, Oslo, Norway, 8-24-06.

Member, International Society for Environmental Epidemiology 2007 Program Development Committee (19th Conference, Mexico City)

Co-chair/Organizer, Symposium on "Emerging Issues in Air Pollution Research," International Society for Environmental Epidemiology (ISEE), 19th Conference, Mexico City, 9-8-07.

Co-chair/Organizer, Symposium on "Organophosphate Pesticides and Neurodevelopment," International Society for Environmental Epidemiology (ISEE), 19th Conference, Mexico City, 9-8-07.

Invited Presentations:

"Meta-Analysis of Alcohol Consumption in Relation to Risk of Breast Cancer," 15th International Cancer Congress, Symposium, Epidemiology of Breast Cancer, Hamburg, Germany, 8-17-90.

"Meta-Analysis of Observational Epidemiologic Data," Industrial Epidemiology Forum, Symposium on the Use of Meta-Analysis in Epidemiologic Research, Buffalo, NY, 6-10-91.

"Results from a Large Multicenter Case-Control Study of Breast Cancer, and from Meta-Analysis," American Society for Preventive Oncology, Symposium, Does Moderate Alcohol Consumption Effect [sic] the Risk of Cancer?, Bethesda, Maryland, 3-15-92.

"The Role of Alcohol in Breast Cancer," Meeting of the President's Cancer Panel, Special Commission on Breast Cancer, Reston, VA, 9-23-92.

"Alcohol Consumption and Risk of Cancer in Humans: An Overview and Focus on Cancers of the Breast and Large Bowel," Research Society on Alcoholism, Symposium, Alcohol and Cancer, Maui, HI, 6-19-94.

"Alcohol Consumption and Risk of Cancer in Humans: An Overview and Focus on Cancer

- of the Breast," Oldways International Symposium, Wine's Place at a Healthy Table, San Francisco, CA, 6-21-94.
- "Alcohol and Cancer," Cancer Prevention and Control Academic Course, Lecture, National Cancer Institute, Rockville, MD, 8-3-94.
- "Alcohol Involvement in Breast and Colorectal Cancer," Texas Research Society on Alcoholism (conference), Addiction Science: Are You Prepared for the 21st Century?, Austin, TX, 9-9-94.
- "The Epidemiology of Alcohol Consumption and Cancer," Nutrition and Health Seminar Series, Environmental and Occupational Health Sciences Institute, Robert Wood Johnson Medical School/Rutgers University, Piscataway, NJ, 12-1-94.
- "Alcohol and Cancer: Is there an Epidemiologic Connection?," Health Effects of Moderate Alcohol Consumption: Good, Bad, or Indifferent?, International Symposium, Toronto, Canada, 12-4-94.
- "Nutrition and Carcinogenesis," Symposium on Effects of Nutrition and Cancer, 63rd Annual Postgraduate Convention, School of Medicine and Public Health, Loma Linda University, Loma Linda, CA, 3-7-95.
- "Seminar on Meta-analysis," Radiation and Epidemiology Scientific Committee 1, National Council on Radiation Protection and Measurements, Bethesda, Maryland, 7-20-95.
- "Alcohol and Cancer," Cancer Prevention and Control Academic Course, Lecture, National Cancer Institute, Rockville, MD, 7-28-95.
- "Meta-analysis for observational studies" and "The current state of the art regarding the relationship between alcohol and cancer," Escuela Nacional de Sanidad (Keynote) lecture, Sanidad Espanola de Epidemiologie (Spanish Epidemiologic Society) Scientific Meeting, Zaragoza, Spain, 10-25-96.
- "Alcohol and breast cancer—overview." International Medical Advisory Group Conference, Bath, England, 9-22-97.
- "Alcohol and cancer." Fourth International Symposium on Nutrition in Cancer, New Orleans, LA, 10-31-97.
- "Alcohol and breast cancer". Massachusetts Department of Public Health Breast Cancer Research Program 1997-1998 Lecture Series, Harvard School of Public Health, Boston, MA, 2-11-98.
- "The usefulness of summarizing heterogeneous results and the questionable promise of meta-regression." Society for Epidemiologic Research, annual meeting, Symposium on "Methods and applications of meta-analysis." Chicago, IL, 6-25-98.
- "A new approach to design and data analysis for CPP-based studies that make use of sera, and experience with recent laboratory analysis of CPP sera." Fourth Annual Symposium on the Neurovirology and Neuroimmunology of Schizophrenia and Bipolar Disorders, Symposium on Perinatal Factors and Psychiatric Diseases, A: What can we learn from the Prospective Perinatal Cohort (CPP) study?, Bethesda, MD, 11-6-98.

- “Dioxin and diabetes in subjects with background-level exposure.” Presentation at the 1999 Institute of Medicine Agent Orange-Diabetes Workshop, The National Academies, Washington, DC, 7-23-99.
- “PCB exposure in utero and neurodevelopment in the Collaborative Perinatal Project: preliminary results,” Symposium on “Effects of early environmental exposure on neurodevelopment,” The XV International Scientific Meeting of the International Epidemiological Association, Florence, Italy, 9-3-99.
- “Health effects of persistent organic pollutants: new results”, seminar, State University of New York, School of Public Health, Albany, NY, 9-24-99.
- “Polychlorinated biphenyl exposure in utero and subsequent neurodevelopment: experience from the Collaborative Perinatal Project (CPP),” Fifth Symposium on the Neurovirology and Neuroimmunology of Schizophrenia and Bipolar Disorders and Other Neuropsychiatric Diseases, Session II: Perinatal Exposures and Adult Brain Diseases, Bethesda, MD, 11-4-99.
- “Epidemiology and assessment of outcomes”, Endocrine Disruptors & Children’s Health: A Workshop to Examine the Effects of Endocrine Disruptors on Child Development for a National Longitudinal Study, The New York Academy of Medicine, New York, NY, 3-17-00.
- “Epidemiological study design with toxicological input”, Environmental Epidemiology and Toxicology: The Interface and the Interactions, Continuing Education Course, Society of Toxicology, 39th Annual Meeting, Philadelphia, PA, 3-19-00.
- “Endocrine health effects of environmental and dietary exposures”, PCB Workshop: Recent Advances in the Environmental Toxicology and Health Effects of PCBs, Lexington, KY, 4-10-00.
- “Health effects of persistent organic pollutants”, Departmental Seminar, Department of Social and Preventive Medicine, State University of New York at Buffalo School of Medicine and Biomedical Sciences, Buffalo, NY, 4-28-00.
- “Health effects of persistent organic pollutants”, Seminar, University of Medicine and Dentistry of New Jersey-School of Public Health, Piscataway, NJ, 5-14-00.
- “In utero exposure to organochlorines in relation to development in subjects from a large cohort study”, St. Lawrence and Great Lakes contamination: Is there any reason to be concerned for human health, Session at International Association for Great Lakes Research, 43rd Conference, Cornwall, Ontario, Canada, 5-24-00.
- “DDE is associated with increased risk of preterm delivery and small-for-gestational-age birthweight in humans, “ Childhood health and development in relation to persistent organochlorine compounds, Session at 20th International Symposium on Halogenated Environmental Organic Pollutants & POPS, Monterey, CA, 8-14-00.
- “Background level in utero exposure to the ubiquitous DDT metabolite DDE is associated with reduced height at age 7 years,” Pollutants and development, Session at IX International Congress of Auxology: Human Growth: Conception to Maturity, Turin, Italy, 9-6-00.

- “Are there environmental causes of diabetes?,” Potential methods for detecting community exposure to critical pollutants, Session at Workshop on Methodologies for Community Health Assessment in Areas of Concern. International Joint Commission, Great Lakes Science Advisory Board’s Workgroup on Ecosystem Health, Windsor, Ontario, Canada, 10-5-00.
- “Effects of EDCs on birth outcomes in the U.S.,” Human Observation and Reproductive Toxicology, Session at International Workshop on Endocrine Disrupting Chemicals and Their Toxicological Evaluation. Tsukuba, Japan, 3-1-01.
- “Exposures to environmental agents and preterm delivery,” The Role of Environmental Toxicants in Premature Birth, Workshop, Roundtable on Environmental Health Sciences, Research, and Medicine, Institute of Medicine, The National Academies. Washington, DC, 10-2-01.
- “Have adverse effects on children of ongoing DDT use been overlooked?,” Department Seminar, Department of Environmental Health, College of Medicine, University of Cincinnati, Cincinnati, OH, 1-30-02; and “Some controversies about effects of environmental exposures on neurodevelopment in children,” Division Seminar, Division of Epidemiology and Biostatistics, Department of Environmental Health, College of Medicine, University of Cincinnati, Cincinnati, OH, 1-31-02.
- “In utero exposure to persistent organic pollutants in relation to child health in the Collaborative Perinatal Project,” Environmental Contaminants and Human Development, session during Charting the Course: 1st CDC Conference on Birth Defects, Developmental Disabilities, Disability and Health, Atlanta, GA, 9-18-02.
- “Environmental contaminants as aetiologic factors for type 2 diabetes,” Prevention of Type 2 Diabetes, Symposium during 3rd World Congress on Prevention of Diabetes and Its Complications and 4th Hong Kong Diabetes and Cardiovascular Risk Factors East Meets West Symposium, Hong Kong, People’s Republic of China, 9-29-02.
- “Long-term consequences of toxic exposure during fetal development,” Long-term, Latent Effects of Fetal Development, Symposium. Johns Hopkins Bloomberg School of Public Health, 10-30-02.
- “In utero exposure to organochlorines in relation to reproductive and developmental outcomes in the Collaborative Perinatal Project,” Adverse Health Effects of Persistent Organic Pollutants, Symposium. 15th Conference of the International Society for Environmental Epidemiology, Perth, Western Australia, 9-25-03.
- “Research and community perspectives on environmental contributions to diabetes,” Emerging Links Between Chronic Disease and the Environment: A Training Workshop for Health Professionals (Organized by Physicians for Social Responsibility). Washington, DC, 10-21-03.
- “DDT’s effects on human health: many questions, few answers, and a lot of new data,” Fall 2003 Epidemiology Seminar Series, Department of Epidemiology, College of Human Medicine, Michigan State University, East Lansing, MI, 11-6-03.
- “Prenatal exposure to PCBs and heptachlor epoxide in relation to child development in the Collaborative Perinatal Project.” Twenty-first International Neurotoxicology Conference. Infant and Child Neurotoxicity Studies: Subtle and Long-term Effects, Honolulu, Hawaii, 2-11-04.
- “New data on the human health effects of DDT.” Director’s Seminar Series, National

- Institutes of Health, Bethesda, MD 2-20-04.
- “Early exposure to sex steroids and subsequent body dimensions in humans,” Gordon Research Conference on Environmental Endocrine Disruptors, New London, New Hampshire, June 8, 2004.
- “DDT and endocrine and reproductive outcomes in humans,” Malaria Control: A Reconsideration of the Role of DDT, Board on Global Health and Board on Agriculture and Natural Resources, The National Academies, Washington, D.C., 7-21-04.
- “Weak epidemiologic associations and meta-analysis,” The Interpretation of Weak Associations Identified in Environmental or Occupational Epidemiology, Symposium. Risk Analysis: The Profession and the Future, 2004 Annual Meeting of the Society for Risk Analysis, Palm Springs, California, December 7, 2004.
- “Some emerging issues in early-life environmental exposures,” Workshop on Childhood and the Environment, Spanish Network of Investigators on Child Health and the Environment (INMA), Granada, Spain, 2-4-05.
- “An overview of DDT world policy,” and “Review of human data on effects of DDT, and some new results,” Symposium on Risks and Benefits of DDT use in Malaria Control, 17th Annual Conference of the International Society for Environmental Epidemiology, Johannesburg, South Africa, 9-15-05.
- “Research needs and findings on DDT and health,” A Perspective on International Environmental Health Challenges, Workshop, Univ of Pretoria, South Africa, 9-21-05.
- “Human studies of endocrine disruption in early life,” The 8th Annual Meeting of the Japan Society of Endocrine Disruptors Research, Tokyo, Japan, 9-28-05
- “Epidemiological evaluation of DDT as a hormonally active agent,” Endocrine Disruption, Session, 88th Annual Meeting of the Endocrine Society, Boston, MA, 6-24-06.
- “POPs and neurodevelopmental effects in humans: what is the evidence?,” plenary lecture, Dioxin 2006: 26th International Symposium on Halogenated Persistent Organic Pollutants, Oslo, Norway, 8-24-06.
- “New studies of anogenital distance in humans,” Phthalate Esters and Reproductive Health Workshop, Gouvieux, France, 9-7-06.
- “Birth cohort: Challenges and opportunities for environmental health research,” Annual Research Day of the Environmental Health Research Network, Montreal, Canada, 11-20-06.
- “Translating toxicology into epidemiology,” Monthly Seminar, Environmental and Occupational Toxicology Division, Safe Environments Program, Health Canada, Ottawa, Ontario, 2-7-07
- “Selection of endocrine-responsive anthropometric measures in infants,” International Workshop on Assessing Endocrine-Related Endpoints within the First Year of Life, Ottawa, Ontario, Canada, 4-30-07
- “In utero exposure to DDT compounds and performance on Bayley Scales and IQ tests in the Collaborative Perinatal Project,” Symposium on In Utero Exposure to DDT and DDE in Relation to Child Neurodevelopment, International Society for Environmental Epidemiology (ISEE), 19th Conference, Mexico City, 9-8-07.
- “Epidemiology study designs and bias in epidemiologic research,” Continuing Education, Epidemiology for Toxicologists: Introduction, Society of Toxicology 47th Annual

- Meeting, Seattle, WA 3-16-08.
- “NIEHS Research Collaborations with European Birth Cohorts,” Birth Cohorts Meeting, University of Bristol, Bristol, England, 4-22-08.
- “NIEHS Collaborations Involving the MoBa Cohort,” Biobanks as a Resource for Creating Collaborations, part of the Royal Norwegian Embassy’s Transatlantic Science Week, Bethesda, MD, 10-23-08.

Presentations:

- "Estimation of selenium intake from Se in serum, whole blood, toenails, or urine," Federation of American Societies for Experimental Biology, Minisymposium, Nutritional Epidemiology II, Atlanta, GA, 4-22-91.
- "Risk of breast cancer in relation to past and recent alcohol consumption," Society for Epidemiologic Research, Contributed Paper Session VI, Diet and Breast Cancer, Minneapolis, MN, 6-12-92.
- "Risk of breast cancer in relation to lifetime alcohol consumption: results from Los Angeles," Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Snowbird, UT, 6-23-95.
- "Strenuous physical activity in young adulthood and risk of breast cancer," Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Snowbird, UT, 6-23-95.
- “Risk factors for in situ breast cancer in Los Angeles County,” Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Boston, MA, 6-13-96.
- “Intake of foods and supplements rich in β -carotene and vitamin A in relation to risk of breast cancer,” Society for Epidemiologic Research, Contributed Paper Session (Breast Cancer), Edmonton, Alberta, Canada, 6-12-97.
- “In utero exposure to background levels of polychlorinated biphenyls and cognitive functioning among school-aged children,” Society for Epidemiologic Research, Spotlight Session (Persistent Organic Pollutants), Seattle, WA, 6-15-00. (Presented paper for K. Gray [my postdoc].)
- “Maternal serum level of DDE and risk of cryptorchidism, hypospadias, and polythelia among male offspring,” Society for Epidemiologic Research, contributed paper session (Persistent Organic Pollutants), Toronto, Ontario, Canada, 6-16-01.
